OPEN TO: STUDENTS and EARLY CAREER RESEARCHERS;
costs covered (*restrictions apply*)

APPLY NOW: www.pml.ac.uk/OCTrainingCourse

DEADLINE: June 24, 2017

An opportunity for PhD students and early career researchers to develop a fundamental understanding of ocean-colour data and its associated applications. The course will include a combination of lectures and computer-based practicals, all delivered by PML ocean-colour experts.

Topics will address modelling primary production, climate impacts and feedbacks, as well as data management, visualisation and analysis. Students will have the opportunity to visit the NERC Earth Observation Data Acquisition and Analysis Service (NEODAAS).

QUESTIONS? ASK: T. Keizer, tke@pml.ac.uk
