

UNITED NATIONS
OCEAN CONFERENCE
NICE, FRANCE 2025

The Ocean and Planetary Boundaries: Unlocking a Deeper Vision for the Earth's Future

Date: June 12th, 2025

Time: 17.30 - 18.45 CEST

Venue: European Digital Ocean Pavilion, La Baleine

Join this side event to explore how to extend the Planetary Boundaries framework into the ocean's interior-encompassing all its domains, from physics to biogeochemistry and biodiversity-so that the framework better represents the functioning and habitability of the planet as a whole.
